## INTRODUCTION

The religious text-books play an important role in benefiting society as well as in upholding the values in it. The Vedas, the Ramayana, the Gita, the Puraanas and the Mahabharata are some of our ancient religious texts that have been guiding us for ages towards the development of a better society.

A God-fearing person on his own desists himself from doing wrong, deeds as he is aware of the omnipresence of the Lord. Our religious text-books make us aware of our duties and of the principles of *Dharma* or righteous behaviour. The term 'God-fearing' does not mean that one is a coward. In fact, it signifies a strong aversion to doing wrong. This is what these ancient text-books try to teach us.

As the original texts are too voluminous, we have presented their essence in the form of unique quiz books, which not only enrich the mind with the knowledge of 'Hinduism' but also enlighten the reader on the philosophical concepts of 'Hinduism'. The volume in your hand pertains to the epic Ramayana written by the great sage Valmiki. It contains 7 episodes. They satisfy the curiosity of the inquisitive mind quite thoroughly.

Still all details cannot be included in a quiz book. Those who are desirous of getting to the very narrative of the text, should read *Valmiki's Ramayana*, published by Dreamland Publications. Suggestions are most welcome.
