## FOREWORD

Children are the future hope of mankind. Therefore a greater care should be taken in educating them. They are like blank sheets as well as soft clay. As we write on that blank sheet accordingly their consciousness will develop, and development of their consciousness is the most important factor of moulding them....

Therefore the parents, teachers and the Leaders of the Society have a very important responsibility to revive the children's dormant spiritual consciousness. In His early youth, Sri Chaitanya Mahaprabhu taught grammar using Krishna's name as the theme. Later on Srila Jiva Goswami compiled those teachings of the Lord as the "HARINAMAMRITA VYAKARANAM". SRILA PRABHUPADA ALSO INSTRUCTED HIS DISCIPLES TO WRITE KRISHNA CONSCIOUS TEXT-BOOKS.

H.H. BHAKTIC HARU SWAMI

**TAIL PIECE :** Here the learning is made easy with spiritual base which will definitely benefit the child to understand our lost-*Vedic culture* which was meant for better human civilisation & prosperity without which the whole human society goes to 'dogs'. That we are seeing it already, how the human values and relationships are morally degrading, where in the people in general are becoming more & more demoniac with' so many destructive devices.

The future hope is only *Vedic culture* and *Vedic Arts* is striving to help the children of the world to have better society in future.
