

## Bhagavad-gita Test - Chapter 7 Final Exam

letter  
grade

1. On the paper provided, write out the notes you took for Bhagavad-gita class this term. They must be in full sentences. Use all details you have in your notes. The more specific you are, the more credit you will get. Be very careful about your spelling. It is good if you can connect the different points into paragraphs, as in a paper, but if you cannot at least keep certain subject matter together. Please try.

8 pts.

2. What does vanca-kalpatarubhyas ca  
krpa-sindhubhya eva ca  
patitanam pavanebhyo  
vaisnavebhya namo namah

mean?

6 pts.

3. We know that the scientists have "created" life through kloning. Is this possible or not? Explain your answer.

10 pts.

4. Give 2 different points that refute that life comes from chemicals.

24 pts.
